The Officer's Daily Log

Meet the Photo & Video
Manager of Grand Princess

Paulo Almeida comes from Lisbon, Portugal. From an early age Paulo was fascinated by photography, and at the Art School of Photography, he focused in portrait photography and alternative technics.

Paulo joined the Princess family in 2007, where he combined his love of photography with his passion for travelling. Since then, he has been around the world with his camera.

When Paulo is not onboard he enjoys photographing using his old film cameras that he has been collecting from his voyages around the world.

By Photo & Video Manager Paulo Almeida

Between the excitement on board Grand Princess® and the fascinating sights at our ports of call, your voyage is sure to leave you with a lifetime of memories.

Enjoy your day in scenic Cabo San Lucas, Mexico. This resort town offers a wide variety of ocean-side activities, including whale watching, swimming with dolphins, or simply gazing at the El Arco rock formation, where the Sea of Cortez meets the Pacific Ocean. But Cabo San Lucas offers far more than just beautiful beaches and water-themed excursions. Take a journey to the historic colonial district of Todos Santos, founded in 1724 as a Jesuit mission station. Gather up your courage for a zip line adventure through the UNESCO protected Sierra range of Baja California. You can even visit a nearby glass-blowing factory to watch the skilled artisans perform their craft.

My staff of digital photographers and videographers and I are delighted to help capture the highlights of this cruise for you. We'll chronicle your memories at sea, including onboard events, ports and scenery. I invite you to visit our Photography & Video Gallery, where you can learn about the various products and services we have to offer.

Be sure to take advantage of all our studio locations set up in the Atrium each evening. All formal and casual portraits will be on display in the gallery on the following day. Please ask our staff about portrait packages, reprints and canvas enlargements of your favorite photos!

And don't forget about the one-of-a-kind Reflections DVD, exclusively produced for this cruise, featuring onboard events and scenic footage. Highlights of this exclusive onboard production are shown on Channel 34.

If one picture is worth a thousand words, the memories you'll bring home from this voyage are worth volumes!

From the Navigator

Early during the morning the Grand Princess will sail round the southern tip of the Baja California Peninsula. For our arrival in Cabo San Lucas we will set a Northwesterly approach course, keeping San Lucas Cape on our port side. As we enter San Lucas Bay the Officer of the Watch will start to reduce the ship's speed so as to ensure the vessel will be stopped over the anchorage position. Under advisement from the Captain, a Deck Officer will let go the anchor in a water depth of approximately 35 metres. The pontoons will be opened and the tender service will commence shortly thereafter. On departure we will hoist the tender boats, pick up the anchor, and once secured for sea, we will set various Northwesterly courses heading to San Francisco.

Tender Boat Operations For All Passengers

To avoid discomfort and overcrowding at the tender embarkation area we will be operating a ticket system after our arrival. When you and your entire party are ready to go ashore, please proceed to the **Michelangelo Dining Room, Deck 5 Midship** where you will be issued tender tickets. You will then be asked to remain in the Dining Room until your ticket is called. Passengers on morning Princess organized excursions do not require tender tickets to go ashore. These tours will meet in the Princess Theatre and will be escorted to the tenders by our staff. No tickets are required for the return journey.

Wheelchairs & Motorized Scooters

Passengers confined to wheelchairs & motorized scooters will not be able to use the tender service for safety reasons. Passengers who are able to move, assisted by ship's staff independently of their wheelchair, may use the tender service. For further inquiries, please contact the Passenger Services Desk.

4:15pm - All aboard. Grand Princess sails shortly thereafter.

Safety in Tenders

Today, we will be taking you ashore using the ship's tenders. For your own safety, please read the Tender Safety Notice at the head of the gangway and the Emergency Instructions Notice posted in the cab of each tender. There is No Smoking in the tenders. To avoid risk of injury, keep your hands and arms off the side of the tender as it comes alongside the ship or wharf. It is important that you follow the instructions given by the crew members and that you remain seated whilst in the tenders. Do not get in or out of the tenders until instructed to do so by the ship's staff.

Ship's Security Notice

In order to prevent unauthorized persons boarding the ship, you are required to carry your "Cruise Card" with you when going ashore. You will be asked to produce this at the gangway when you leave and return to the ship. Please ensure that you also have a Government-issued picture ID with you before leaving the ship as you may be required to show this at security checkpoints upon your return. Do not accept or bring onboard any parcels or packages from strangers. Before boarding, you may also be asked by our Security Staff to open parcels or handbags which you are carrying.
