EDITOR: WB6NBR

Next club meeting to be held on Nov. 1st.
Same time and place as usual. This month we
have elections and other fun things to do be-
fore closing out the year.

POT-POURRI

Overheard on the local repeater, Rose
WA6CWL was pushing 55...Just got to listen to
all conversation, I feel I sometimes miss the
important parts...Betty, AG6C, now answers to
"Mama San"...Don WD6GMR, did a great job on the
Cal. QSO party...Don has a new home brew 15
meter beam, that is really putting a big signal
on the band...Next big contest is the SS in Nov.
How come David, WD6AJR was late for work even
though Hoppy, WD6CKP called him on the phone???
Maybe a travel alarm clock is in order...
Understand Rose had a difficult time getting
Quents' halloween costume. Seems to be a size
problem...Betty still working the DX...If Hoppy
looks thinner its because the band is open...
AE6H, Paul has a new job, part time, he started
at the top...He's digging a hole for his tower...
Paul is accepting volunteers... He will supply
the tools...

XYL's REPORT

Who did you talk to today? The butcher, the mailman, the next door neighbor. How exciting. Here are just a few that Betty, AG6C has had a QSO with- Hans, Rudy, Rolf, and Kurt in Germany; Manuel (Paul Newman), in Spain; Sylvano, in Italy; Valdimar in Russia; Yutaka, Kantaro, Hiro, Aki in Japan. Jealous, well start working on the code, its receive only now. Let's get in there and make Betty share.
