PRESIDENTS MESSAGE

Last month's meeting was a great pleasure for me. It was nice to see the Ladies present and we hope to see many more as time goes on.

It was also great to see so many guests in attendance. I hope all of our members will continue to talk up our meetings and the CLUB. Every-time you meet a new Call, either on 2 Meters, HF or in person, why not welcome them to the group?

The remainder of 1980 is filled with activities and we hope to see everyone continue with the same spirit as they have this past summer.

I have complete confidence in our winning the "BEST CLUB" award at the Pacific Division Convention. We have had a great year so far, and the best is yet to come.

73

Don- KB6LO

FLASH

ARRL SCM To visit at Sept. 3, 80 meeting. W6VV, Art Samuelson will be our Guest of Honor at the Sept. meeting. All amateurs or interested people are welcome to attend.

Art has not revealed the topic of his presentation, but we should feel honored to have him visit our CLUB. Spread the word and lets have a good showing for him. He has a very busy schedule and we hope to be able to show him why our CLUB is Number 1.

Things To Be Done

Our Mobile Communications Trailer has been sitting idle since the Fair. There is still much to be done to get this operational. Below is a list of some of the things that need to be done. If you can and will lend a hand, please let us know.

1. Clearance, tail, and stop lights with wiring. (with bulbs)
2. Circuit breakers and panel. (2 or more breakers)
3. Roofing. Before winter. Metal preferred.
4. Some simple Carpenter work.
5. Tires changed. (have tires)
6. Floor tiled. (have tile)
7. Looking for equipment. (any donations)
8. Some one to take care of license.

The above listed items are necessary before we can use the unit.

The committee has been formed to draw up Rules and Regulations for use of the Unit. We expect to see some action from that committee soon.

Several times in the past, we have had members that felt they did not have the time to spend in Club Projects and felt that a Contribution would be a good way of Supporting their Club. We would like to thank those fine folks for their Contributions and would also like to suggest it to others as an alternative to a busy schedule. If you wish to contribute, perhaps you could designate a specific area for your contribution to be used. General fund, Mobile unit, Equipment, etc. We hope this does not cause too much trouble for our Secretary.

We still would like to have some volunteer for our WAYS and MEANS Committee. This is probably the single most important committee in the CLUB. We need the funds so that we can do something besides exist.

If we had the money in the band, we would not have to beg for everything. Begging is neither fun nor easy. So think about it. Someone must have some ideas to raise money. Do it NOW.

Ham Happenings---

NEW DX CLUB--A new DX Club has been organized here in Sonoma Co. Membership is open to any serious DX chaser. There is no minimum number of confirmed DX countries to join. The Club hopes to share DX experiences, techniques, and to assist all membership with maintaining a high standard in DX operation, performance. The following is a list of Club Officers:

President. N6OJ Chuck V.P. K6ANP Len, Sect./Tres. K6ASI Bill
Board member, K6UFT, Gordon, and KK6X, Jim.

UP GRADES---

KA6IYG- Doug General--N6CZJ- Steve General.--KA6MEN Father Ralph to Tech.--

NEW CALLS---

N6DBZ-Mike--KD6HQ Don--K06G Steve--KA6MCU Sarah, XYL of W6DTV.

HAM HAPPENINGS-----

DT-600 Party----Seems to be a growing trend in Building DE-modulators for RTTY. Under the guidance of Norm W6VSD the following amateurs are in various stages of construction in the DT-600. N6AUP--WD6CKP--W6GFY--WA6RNF--WA6UVN--WB6FEQ--KB6LO--N6Bln and a few others.

PENNGROVE TREMOR---

The sizmograph station at UC Berkeley recently recorded a number of tremors in the Penngrove Area. No,investigatirn found it was not earth guakes. Only K6ANP-Len rotating his new antenna array on his new tower.

LOST AT THE GAME---

Recently-KB6LO his wife Jerry--KD6GC and his XYL--WB6NBR--N6DCJ N6CTL and Rick--Attended a Giants Baseball Game--Sometime during the game RON went out to buy,(I can't Believe that), the group some refreshments. Sometime later he was seen wandering up and down the isle, and could be heard calling QRZ QRZ QRZ--Despite the groupscontinious calling he gradually went QSB..

FIELD DAY RESULTS--

We seem to have done considerable better this year with our 5600 points, than we did last year. We have a good shot at placing in this years RACE.

DXCC AT LAST---

AG6C, Betty, has finally fotten around to applying for her DXCC. We reported sometime age that she had received her 100 th QSL card. As it stands now we understand WD6CKP , Hoppy, has had to charter a special UPS truck to take her QSL cards and applications to ARRL Hq. Hi Hi----

LOST FRIEND-----

We are sorry to report that WA7UVE, Scott will no longer be heard on the 3/73 repeater. Scott has returned to Ariz. and School. He will be working on his MASTERS DEGREE. Scott was a vital assist to our CLUB. He was a dedicated PR man and emergency service coordinator. Hopefully we'll be able to work him on the low bands. Here is his address if one wishes to write. 8325 Langley Ave.,#204--Tuson, Ariz.

EXECUTIVE BOARD MEETING---

At the Aug. executive board meeting attention was given to exclusive privilege to CLUB members and proposed some By-Laws change.

Among those items-the following-has been agreed upon as privileges for Sonoma County Radio Amateurs Inc. Members ONLY.

Name Tag	Field Day Participation
Xmas Party	Reduced rates at Club Breakfast
Special door prizes at meetings and Pinnic meetings	
Short Skip	Tech. Sessions.
Proposed By-Law changes and/or additions.	
The office of Sect./Tres. to be separated.
