"JACK"

OCTOBER 22, 1982 TO

PERSONAL DATA:

Jack was born in Colorado in 1917. He moved to Pasadena, California, in 1927, then to Needles where he was raised. Jack is married to the former Clara Pimentel. Jack and Clara have three children and three great-grandchildren. Jack and Clara presently reside in Stockton.

EDUCATION:

Jack graduated from High School in 1938. He passed the Arizona State Board of Pharmacy examinations in 1938, but did not follow this career because California had no reciprocating agreement with the State of Arizona.

PROFESSIONAL CAREER:

Jack went into railroading at Needles, California in 1938. He was promoted to Locomotive Engineer in 1940, where he served until 1942.

MILITARY SERVICE:

Jack enlisted in the U. S. Navy in 1942 as a corpman; drafted into the Marine Medical Corps during WW2.

RADIO ACTIVITIES:

Jack received his General License in 1978 and now holds an Advance Ticket. His main interest is chasing DX, with photography as a second hobby.

SIR MILLARD GEORGE
El Cerrito, Ca.

Sir Millard :

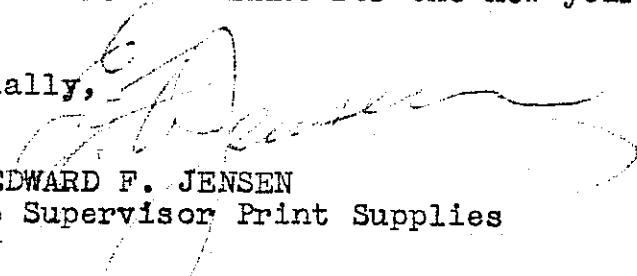

Thank you very much for your interesting and informative letter of 12-27-82. I learned much that is completely new to me - " a Brief on SIRARC ".

Your request for notorized Gold Seals will be taken care of just as soon as we receive our new supply that has been on order. We will send you one package of standard count of 72. Expect delivery by mid-January.

After discussing the matter with our new State President SIR J. Bruce Vesey we decided there will be no cost for the Gold Seals. It is our pleasure to be assistance and we wish to lend encouragement and cooperation to the activities of SIRARC.

The best of everything that is good to you and the members of SIRARC for the new year ahead.

cordially,

Retired? Welcome to the club!

Here is some information on perhaps the most unique radio club in America. This will be of special interest to the amateurs of California.

Twenty-five years ago, four retired individuals with common interests organized a retired men's organization known as SONS IN RETIREMENT, INC. There are no initiation fees or monthly dues in this great organization. To make a long story short as possible, this great organization has grown so rapidly that it now has a California State Governing Board, with 107 branches, with a total membership of over 25,000, covering the area from Salinas to the south; Chico and Paradise to the north and Stockton to the east. Each branch has a membership from 200 to 450, depending on space for a monthly luncheon. The organization expense is met by contributions from those attending the luncheon.

In 1974, I had the honor of serving as Big Sir (president) of our local branch of 350 members. Subsequently, I was elected to the office of California State Secretary; followed by being elected as vice president and finally as state president, a special honor which I will always remember.

In 1974 we had three amateurs in our local branch, and the thought occurred to me that there must be many other amateurs in the various branches who might be interested in organizing a statewide radio club for the organization, since the organization has every known activity for the retired individual. Accordingly, I addressed a letter to all of the branches asking any amateur in the branch who was interested to contact me. Much to my surprise, in three short months I had a response from 55 amateurs. With this support, I went into action immediately, and SIRARC (short for Sons In Retirement Amateur Radio Club)

was born. Today, after nine years, we are proud of a membership of 203. These are active members; if a member shows a lack of interest within a year, he is dropped. SIRARC is not a traffic net, as such, but it stands ready to handle any break-in emergency.

For eligibility to SIRARC, one must first be an active member of the parent organization SONS IN RETIREMENT, INC. To maintain membership in SIRARC one must: 1) Retain his membership in the parent organization; 2) Show a continued interest in SIRARC by participating in one of our weekly nets, attending one or more of our three-year (*) husband and wife luncheons or mailing in a contribution to the club, as there are no dues, and expenses are met by contributions of those attending the luncheon and those unable to attend.

SIRARC has eight weekly nets in operation. Visitors who are eligible in becoming a member of our Parent Organization, SONS IN RETIREMENT, INC., are welcome to break in. These nets are as follows:

Day	Time(a.m.)	Frequency	Mode
Tues.	8:00	7085 kHz	CW
Tues.	10:00	145.80 Mhz	AM
Wed.	9:00	7275 kHz	SSB
Thurs.	8:00	3770 kHz	QRQ-CW
Thurs.	9:00	3725 kHz	QRS-CW
Thurs.	10:30	146.85/.25 (thru WA6QFR/R)	FM
Fri.	8:15	3770 kHz	CW
Fri.	10:00	3925 kHz	SSB

While the average of SIRARC members is 35 years on the air, we welcome any eligible member regardless of class of license or years of service.
